QUANTUM

A GH Apprenticeships programme with Quantum. Main training delivered by e-Careers. Harvard Online courses delivered and certified by Harvard Online.

e-CAREERS #LearnALiving

AI Finance Automation Practitioner in detail

LEVEL 4 · 12–18 MONTHS · FULLY FUNDED

YOUR HARVARD ONLINE COURSE

You take **one Harvard Online course from the AI Leadership Series**, and you choose which one fits your role.

The series shows how AI is changing work, and how to lead, decide and communicate well alongside it.

Taught by Harvard faculty and certified by Harvard Online. Your certificate is yours to keep.

PICK FROM

- Agentic AI Foundations: Business Applications and Risks
- Storytelling as Strategy: Narrative and AI
- Reinventing the Organization with AI
- Problem Solving and AI
- Adaptability, Resilience, and AI
- Principles of AI

WHAT YOU'LL LEARN: MONTH BY MONTH

1. Introduction to AI and Automation
2. Governance and Security
3. Strategic Adoption
4. Solution Design
5. Guided Project 1
6. Change Management
7. Business Analysis
8. Process Improvement Principles
9. Stakeholder Management
10. Guided Project 2
11. Testing, Iteration and Evaluation
12. Ethical Considerations
13. Process Improvement Practice
14. Guided Project 3
15. Continuous Improvement and Monitoring
16. Frontier Technology
17. Guided Project 4
18. Capstone Project

Plus a technical skills track running alongside, and four workplace projects on your own finance processes, building to a capstone.

BY THE END, YOU'LL BE ABLE TO

- Find the highest-value automation opportunities across P2P, O2C, record to report, payroll and treasury
- Connect workflows across ERP, banking and payroll systems
- Test, improve and maintain automations
- Drive adoption across the finance team
- Design and build low-code and no-code finance automations
- Build in human review, audit trails and risk controls
- Measure impact: time saved, cost reduced, cash released

What's the catch? There isn't one.

How is it funded?
It's funded through the Growth and Skills Levy, the government fund for apprenticeships in England, so you don't pay a penny.

Do I have to leave my job?
No. You learn online, alongside the job you already do, using AI on your real work.

Who can apply?
You need to be employed and working in England. We'll check you're eligible.
